"מקום בלב"

In Honor Of

Mitzvat Susim Association

We would like to thank you with all of our hearts for your generous donation for the horse-riding activities of Yuvalim School students at the Nirat HaEmek Therapeutic farm with the dear instructors Joanna and Lauren and the fellow riding students who accompanied the activity.

Yuvalim School is a special education school, where a variety of students with significant movement difficulties and / or diverse functional and communicative abilities learn.

Last year, 12 of the school's students have had the privilege to participate in horseback riding activities, thanks to your generous donation. For several weeks they arrived at the farm on with a ride which was adapted for their physical needs.

The activities at the therapeutic farm, included horse riding time, horse care and feeding time.

For our students, this activity had combined a variety of areas that promote them:

Motor-wise - strengthening the torso, maintaining range of motion, practicing dynamic balance and more.

Sensory-wise - A deep and superficial sense.

Communication-wise - encouraging contact with the rider on the horse and / or with the horse itself, producing sound / gestures, etc.

Cognitively - learning, maintaining a sequence of actions, causation, etc.

Emotionally - strengthening a sense of ability, connection and true reactivity.

The combination of the activity on the farm with the school enabled the coordination of the goals of the activity for each student, as well as conducting a well coordinated preparation and summary.

With our great appreciation,

Yuvalim School students and staff

Afula
